1. [REDACTED] mentioned to me a request by Mr. Polyzoides of State for assistance in the secure passage of information to the US Ambassador in Egypt. I approved CIA cooperation at this end.

2. Mr. Papich phoned complaining of the pressure exerted by Mr. Amory in an attempt to secure Mr. Hoover's approval to the summary evaluation paper. I explained that Mr. Amory was under pressure from us and arranged with Mr. Papich to have the papers in their present form reproduced by the NSC staff, final release to await a call from the FBI. I was later informed by Mr. Amory that the paper had been cleared by the FBI.

3. Attended IAC.
